Drugs In Perspective: Causes, Assessment, Family, Prevention, Intervention, And Treatment (B&b Health)

Synopsis

Drugs in Perspective is a compilation of useful reports, case studies, and literature on drugs and alcohol— their use, abuse, and addiction. Backed by more than 30 years of clinical experience with clients, Dr. Richard Fields provides a comprehensive framework to understand substance abuse. The 9th edition includes ample case studies, up-to-date information on treatment and recovery, and a new chapter dedicated to relapse, prevention, and mindfulness. The Connect course for this offering includes SmartBook, an adaptive reading and study experience which guides students to master, recall, and apply key concepts while providing automatically-graded assessments. Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect[®] is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook[®] - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Complete system requirements to use Connect can be found here:

Customer Reviews

Richard Fields, Ph.D., is owner/director of FACES, Conference and Home Study Programs for Mental Health Clinicians. Dr. Fields brings an expertise to FACES based on over 30 years of work in the alcohol/drug field. He still actively counsels individuals and family members with alcohol/drug problems, training thousands of professionals each year at FACES Conferences (www.facesconferences.com). Formerly the assistant director of the National Institute on Drug Abuse's Western Regional Training Center, he has conducted training throughout the Western United States. As a consultant, Dr. Fields has worked to develop a number of University and College programs, creating educational classes, workshops and conferences (UCLA Extension, Dept. of Allied Health and Medicine, University of Washington, School of Social Work Extension, Seattle University, Edmonds Community College, University of California, Irvine, Riverside, Santa Cruz and others). Dr. Fields is the author of *Drugs in Perspective*, 6th edition, McGraw Hill, 2007. This college textbook is standard in most alcohol/drug studies programs.

Great.

This book is really well written but not worth the 150\$ that it cost to purchase.

Very happy with the book and the time was delivered.
