## The Puppy Place #26: Rocky

## Synopsis

Welcome to the Puppy Place--where every puppy finds a home! When Lizzie sees an ad in the paper for a dog in need of a new home, she is immediately concerned. Why is this person so anxious to get rid of their puppy? Rocky is a cuddly, couch potato of a Bulldog. He was originally brought in as a guard dog but he would rather nap than protect a store. While fostering Rocky, Lizzie learns that the puppy is very stubborn and not open to changing his lazy ways. But every pet owner has a different need and Lizzie is able to find an older couple in need of a companion who are more than happy to accommodate the sleepy puppy's lifestyle.

Ellen Miles loves dogs, which is why she has a great time writing Puppy Place books. And guess what? She loves cats, too! That's why she came up with a brand-new series called Kitty Corner. Ellen lives in Vermont and loves to be outdoors every day, walking, biking, skiing, or swimming, depending on the season. She also loves to read, cook, explore her beautiful state, play with dogs, and hang out with friends and family. Visit her web site at [www.EllenMiles.net](http://www.EllenMiles.net).

From The Puppy Place: Rocky Lizzie caught her breath and took a closer look. Free Puppy, the ad said. "Bulldog." Then there was a phone number. That was all. She frowned. Why didn't it say "To a Good Home"? It sounded like the person was just going to give the puppy to the first person who called. That was no good. Ms. Dobbins, the director of the local animal shelter where Lizzie volunteered every week, would never do that. If someone wanted to adopt a pet from Caring Paws, they had to fill out a long application with lots of information about who they were, where they lived, and how they planned to take care of the animal that was about to become part of their family. Ms. Dobbins didn't let just anyone walk in, pay the adoption fee, and walk back out with a cat or dog.

Great book for your young avid reader! Our daughter loves the Puppy Place series! Her reading level is actually above this series, but the stories are so good we keep finding new Puppy Place books to read!

Beautiful for the price. I've received many compliments. Time will tell how long it looks this good but I have every reason to believe it will look as beautiful 5 years from now as it does today.

My daughter loves this series, and I love it because it is one of the few chapter book series for which I do not have to worry about whether the content is appropriate or not. Sweet books, with caring characters and good morals and lessons!

Love the whole series. The kids are really sweet - and so are all the dogs. I love how they work out their problems. Also, nice to see respect for other people's differences.

A+++

My daughter (9 yo) loves these Puppy Place books. She has several and I usually get her more for every occasion. I just hope Ms. Miles doesn't stop writing them until my daughter out grows them.
