How To Speak Cat: A Guide To Decoding Cat Language

Synopsis

We know cats are beautiful, secretive, and independent ... but even the most loyal cat owners are often baffled by their own pet's behavior. With veterinarian expert Dr. Gary Weitzman as guide, this fun book helps kids understand what cats are trying to communicate by their body language and behavior. So if you've ever wondered what Fluffy means when she's purring or moving her tail emphatically from left to right—this book is for you! It's full of insights, expert advice, and real-life cat scenarios, and showcases more than 30 poses, so you'll soon learn what each meow and flick of the tail means!

Customer Reviews

"How to Speak Cat: A Guide to Decoding Cat Language" (National Geographic) busts myths and offers facts and findings from studies as well as tips on cat care. Using their voices, eyes, ears, and even tails, cats try to talk to us. Co-authors Aline Alexander Newman and veterinarian Gary Weitzman explain how to be a good listener and show how science can be fun and helpful to understanding the world around us." - The Boston Globe "Cat communication is often misunderstood, and this book serves as a sort of pocket translator. It's filled with vivid images which purrfectly represent descriptions of many behaviors; as they say, a picture is worth a 1,000 meows."

- The Chicago Tribune "With at least one appealing cat photo on every spread, this colorful book is a browser's delight for cat lovers, who will probably learn something new every time they pick it up. A useful companion volume to Newman and Weitzman's How to Speak Dog" - Booklist

DR. GARY WEITZMAN, is a veterinarian and President of the San Diego Humane Society, former CEO of the Washington Animal Rescue League, and host of public radio's Animal House. And more True Stories of Animals Behaving Badly, and one of 's picks for Best Children's Books of 2013, Animal Superstars! And More True Stories of Animals with Amazing Talents.

It's a book about cats. Get it for the crazy cat lady in your life. Toxoplasmosis is real yo!

Probably useful to someone who has their first cat, but not for someone who has served cats for any length of time. The target audience seems to be older children, rather than adults.

Not a lot of new information. Not worth the money or wait. Borrow it from your local library or buy it used.

Wanted to show my kids more about cats for a lesson (I am a teacher) and this book was great! So educational and I learned a lot, along with my students.

Cat "Language" It is a fund book for a cat lover to read, educational and entertaining.. I bought it as a gift, and my friend loved it. Your cat may have done something you were wondering about, and you may find the answer in this book!

This book is probably great for a first time cat parent with no prior experience with cats or for a child looking to learn about cats. For those with experience, this book is very basic.

A fun read.

Wonderful, informative book!
