# Construction Claims: A Short Guide For Contractors

## **Synopsis**

Most construction projects have changes, variations and delays. Due to insufficient knowledge contractors often don't claim their time and costs resulting from these events, or, their claims end in protracted and expensive legal battles. This easy to read book demystifies the claims processes ensuring entitlements are claimed. Learn when you can claim, how to make claims compelling, and the supporting documentation required to win. Your eyes will be opened to numerous events, costs and impacts. Knowing some of these tips could dramatically improve profits and avoid time consuming acrimonious disputes. Also included is advice for contractors to avoid and defend claims from employers and subcontractors. Ensure you're granted the time and costs you are entitled to by submitting winning claims.
