Filled with a lot of good info but would be better with color images.

This is well worth the \$15 that I spent on it. It is a very reliable source with beautiful pictures added. Every model and release I can think of is in this book. It helps to avoid over priced resellers and price your own resales properly. Also a very fun book to read in general to go back through all the years of Jordan's.

I ordered this book to help keep track of shoes I have and ones I want or had years ago. It is a good source of info and release date and history. Hope there will be updates and bigger picture formats in future. I recommend this book as a quality reasource.

Very fast delivery as usual, didn't have much time to read it yet, but it seems very informative, good guide for air jordan fans.

This book has amazing pictures and great information on all of the Air Jordan shoes ever made. My son can't put it down!

My boyfriend is a sneaker head. He absolutely loved it!

It was just Ok since I bought the other price guide for collectors this had all the same information.

Great book!!!
