"Makeup should be fun, not fascist," celebrity makeup artist Kevyn Aucoin avers in Face Forward, his third book. One of the most adored stylists among fashionistas, entertainment divas, and high-society jet setters, Southern-born Aucoin arrived on the New York fashion scene in the early '80s, a period he ridicules for its '50s-era conservatism and McCarthyist us-against-them values. His career since has been motivated by the feel-good ideals of acceptance, diversity, and self-love, and the vain world of beauty has eagerly participated in his vision. While one may puzzle on how it is he finds fulfillment in an industry known for its superficiality and elitism, Aucoin's words are nonetheless infectious and the touches of his brushes inspired. Conceived as an exploration of the past, present, and future of beauty, Face Forward is an ingenious showcase of the transformative, creative possibilities of makeup, with portraits of everyone from Julia Roberts to Sharon Stone, Martha Stewart to his mother, Thelma. His crafted visages range from minimal-application makeovers of friends to elaborate re-creations of such Hollywood icons as Audrey Hepburn (Calista Flockhart), James Dean (Gwyneth Paltrow), and Veronica Lake (shockingly, Martha Stewart) and such pop-culture personalities as Cher (socialite Alexandra von Furstenberg) and Siouxsie Sioux (Winona Ryder). The final pages present his ideas for looks to come, such as "Explorer," Mary J.

Blige covered in eggplant body makeup with a rainbow of metallic eye shadows over her eyes and thickly glossed red lips; "Floralia," a freckled Lucy Liu resembling a sprite from A Midsummer's Night Dream; and "Venusian de Milo," Sharon Stone as an orange-haired, one-breast-baring sci-fi femme fatale. Throughout, Aucoin augments an already colorful book with step-by-step instruction, chatty commentary on each look and model, and riffs on such topics as friendship, politics (he repeatedly applauds the Clinton Administration for embracing diversity in the '90s), and the environment. "Appreciating (even highlighting) individuality is one of the great things about makeup," asserts Aucoin, and Face Forward is a dazzling testament to that belief. For those who see the fun of makeup and are eager to experiment with the virtually unlimited possibilities of it, this book is a boon. --Rebecca Wright --This text refers to an out of print or unavailable edition of this title.

There is an engaging familiarity about Aucoin's anecdotal introduction to each of his subjects... And Aucoin offers a similarly personal and captivating note about each icon whose look he has chose to mirror in this re-invention process... Amazing, really, what can be achieved with some carefully applied powder. When, that is, you have the Aucoin know-how. * GLASGOW HERALD *

This book arrived in good used condition as described, you could actually barely tell it was used as I have seen books on the shelves of bookstores that were no worse for wear. It is a great book with picture and detailed information for creating the each celebrity look created, with the picture on one side and the information on the other page. The make overs are amazing. I actually owned this book new and it was lost in my move so I was very pleased to find it for such a great price to replace it. I highly recommend it.

Fabulous book...just love looking at all the photos; plus the author Kevyn is such a nice person...truly a humble and very caring individual. I'm so sad to know that he's no longer with us. What a loss.for America.
