## Customer Reviews

I gave the book five stars because of the wealth of information shared by the author which, was thought provoking and essential to those interested in the prophetic. My impression was that the material was much thought of and contained a clear fresh perspective to the various areas shared. I received more clarity of areas that enabled me to reflect on a better way to embrace situations such as given prophetic word. This book contained a wealth of information and I was surprised that I was able to purchase it for 99¢. I am still scratching my head over this. It is a great service to those desiring to get things done in God's perspective and order. Going to look at the other

teachings. Very happy to have read this treasure of truth.

This is a quite comprehensive look at the office of a prophet and the gift of prophecy. There is a lot of scripture used and the reader should get a good idea of what God planned when he made the office of prophet. Do you feel that you have a calling on your life to be a prophet, well this would be a good place to start. Enjoy your journey  
Matthew Robert Payne Author of *The Prophetic Supernatural Experience* and four other books

One quote in particular stood out to me, "While you are waiting for God to do His work, do your part". We must do our part!

The author provides good information that is to the point. The writing made for quick and easy reading. Not overly simplistic and I found myself highlighting portions of the book for quick reference. I appreciate the author's writing style and presentation.

I've been a dreamer and one who has visions since I was three years ( I had my first dream at the age of three and I remember it to this day. I am 54, now). This book has helped me identify traits in my ministry that I've either overlooked or taken for granted. I believe the knowledge I've gained will move me forward in the prophetic ministry and help me become better skilled in this ministry. I will recommend this book to others striving to hone their prophetic gift.

AS DESCRIBED, ON TIME DELIVERY

I'm very pleased to have finally received direct and clear answers to the internal questions and precise meanings biblically referenced I'm new to this precious gift and have sought understanding in a sort of desperate pleading for anyone who could give a title to my gift and I'm so thankful for this book and would highly recommend it to anyone with a desire for clear answers to their surprisingly new gift and pray they embrace it for God's GLORY

This book is informational rather than recreational. It gives reader lot of information on who a prophet is, what he does, how he does it, etc. More so, it goes further to tell us how to receive and apply prophecies.
