A Brief History Of Peru

Synopsis

In the seven years since the first edition was published, Peru has undergone significant changes that have had national and international consequences. *A Brief History of Peru, Second Edition* maintains the insightful narrative of the first edition and includes a history of the country from its ancient peoples and the Inca Empire through the most recent political, social, and economic developments. This revised edition expands on the second half of Alejandro Toledo's presidency, including his handling of domestic terrorism from the guerrilla organization Shining Path; the unveiling of a plan to construct a road that would connect Brazil, Bolivia, and Peru by roughly 2020; and the creation of a National Commission of Culture planned to bring a group of intellectuals and artists together to elaborate a governmental plan for cultural policies.

Customer Reviews

Christine Hunefeldt is Associate Professor of History at the University of California, San Diego. She contributed to *The Peruvian Labyrinth* (1997) and is the author of *Paying the Price of Freedom: Family and Labor Among Lima's Slaves, 1800-1854* (1994).

A Brief history of Peru covers the entire history in a succinct and efficient manner. While it would be nice if a little more attention was paid to Manco Inca's rebellion and the importance of Bolivar; the book still succeeds in painting a picture of Peru's prosperity. The writing is very clear and well done

showing how dictatorships rose and the military and civilian powers grew apart. This book also covers the Shining Path terrorist organization in very good detail setting the stage for the modern era in Peru. The confusion that the country is now gripped in is truly astounding. From violence on all sides to the election of the first Indian president the country is set for historic changes. Those who want to understand how Peru formed into the nation it is today will be well served by this book.
