# The Great English-Polish Dictionary (2 Million Words): Interactive - Replaces The Standard Kindle E-reader Dictionary

## Synopsis

The Great English-Polish Dictionary has been prepared by a team of linguists from the largest online dictionary, ling.pl, lead by Prof. Marcin Milkowski, Ph.D. and Prof. Dariusz Jemielniak, Ph.D. It is the largest English-Polish dictionary ever published. It contains over 1.8 million words, covering hundreds of thousands of meanings in over two hundred thousand definitions, including abbreviations, synonyms, antonyms, et al. Its range is over 20% wider than in the case of any dictionary published before. It is also the first English-Polish dictionary developed in the 21st century, basing on actual English language usage and frequencies (based on corpora of American, British, and Canadian English), covering not only general vocabulary, but also terminology and idioms typical for business, finance, law, medicine, the sciences and technology, including over 150 disciplines! It is the first English-Polish dictionary including words such as QWERTY, screenager, smartphone, tablet or boccia, with their proper pronunciation. The dictionary can replace the standard Kindle e-reader dictionary, to allow one-click lookups (please, note that this functionality is typical for all Kindle e-readers, but not necessarily a tablet).

## Customer Reviews

Great dictionary, It's literally, my favourite thing on kindle. Although I can understand and speak english very well, I wasn't really reading books in this language, so of course I never knew some of typical words you can see only in written language. Comfort of just touching the word on the screen

and discovering its meaning in a moment just like that is worth everything.

I'm testing it on "Game of Thrones" and it appears very handy. 1 star deducted for some missing spellings, and for some missing translations and meanings (but these are mainly rare and old words). Also (rarely) I've spotted wrongly found words. Also finding some phrases might be much better (I know that it's possible from other vocabularies). Despite this quite minor issues I admire great work done with it.

I am very happy that someone prepared such great tool to translate so many fantastic books which have been written in English first. Amazing tool. Impressive. Great work. In my own opinion. Lot of fun.

Works perfect with my Kindle Paperwhite, helping me to understand exact meaning of some English words. Descriptions are very short but it is very extensive. I was able to install it (email it) in two Kindles registered with .

Bardzo dobry słownik dla osób czytających angielskie książki. Dobra działyka i w trybie podstawowym Kindle (bardzo czytelna prezentacja), aby dotrzeć do idiomów w niestety czasem trzeba wejść w tryb 'More/Open dictionary' i wtedy widać, że dopiero pełna bogactwo tego słownika. Jak na mój gust to najlepszy słownik angielsko-polski na Kindle, wart swojej ceny. Znakomicie rozpoznaje formy czasownikowe i trafnie wyświetla gryfiki i słówka wne hasły. O.

Thanks

Very large number of words, however, the active and fast looking for items is rather difficult.

Great Dictionary and very usefully a specially in Kindle
