The Night Before First Grade

Synopsis

It's the night before the Big Day--first grade! Penny is excited to start the year with her best friend right beside her in the same classroom. This humorous take on Clement C.

Moore's classic tale has a perfect twist ending that will surprise readers as well as the "heroine" of the story; and help all about-to-be first-graders through their own back-to-school jitters.

Grade Level: Kindergarten - 1

Customer Reviews

I wanted to capture the panic of being split up from your best friend when you're put into different classes, but then the joy of making new friends. This book is a nice follow-up for kids who have read my The Night Before Kindergarten book.

Natasha Wing lives in Fort Collins, Colorado. She went to first grade in Woodmont, Connecticut.

This is a wonderful book for kids going into the first grade. I bought it for my daughter, and we read it together a couple of nights before she started first grade and again the night before first grade.

She was actually able to read the book by herself too. This story was perfect for her and helped her understand some changes happening at school.

So adorable for my first grader starting tomorrow!! Highly recommend this book, it's really sweet and the rhyming was fun to do with her too!

My granddaughter who will be entering first grade loves this book. Reads it every day with just a little help.

I bought this book for friends' twins who are starting 1st Grade. They love it!

GREAT BOOK!

I liked that it gave a scenario where things didn't go as expected, and that it turned out to still be a good day! A good way to let your kid know that no matter what happens it'll be ok. I'll be reading this to my first grader the night before she starts school

This is perfect for back to school. It gets rid of the jitters from not being a kindergartener anymore

Love it
