The Flash Vol. 3: Rogues Reloaded (Rebirth)

Synopsis

It's the long-awaited throwdown with the most colorful Rogues Gallery in comics, from the acclaimed creative team of Joshua Williamson and Carmine Di Giandomenico, in THE FLASH VOL. 3: ROGUES RELOADED! Captain Cold. Mirror Master. Golden Glider. Weather Wizard. Heat Wave. They're five of Central City's most wanted. They're the Flash's greatest enemies. They're the Rogues—and they've gone quiet. Too quiet. The moment the Flash starts investigating their disappearance, their plan clicks into place. It's a deadly cat-and-mouse game that will have the Fastest Man Alive on the run across the globe—and close to home. Is the Scarlet Speedster fast enough to stop five diabolical crimes? Even if he is, can he and Wally West—Kid Flash—survive the secrets they uncover about Wally's father, the Reverse-Flash, and the last man to see him alive—Rogue veteran turned Suicide Squad recruit Captain Boomerang? Collects THE FLASH #14-20.

Customer Reviews

“Joshua Williamson's writing is on-point.”

“Writer Joshua Williamson makes [THE FLASH] as accessible as possible to new readers.”
“plenty of action, emotion, and twists.”—Newsarama

Joshua Williamson lives in Portland, Oregon. His career as a comics writer kicked off in 2007, and since then he has done a number of books for Shadowline, Image, Desperado Publishing, Kick Start and DC Comics. He has written the Uncharted limited series, based on the popular, best-selling video game series, Voodoo, and Marvel's Illuminati and Red Skull. He is currently writing THE FLASH for DC Comics.

A good read here. We get three stories in one volume. SPOILERS FOLLOW: First up, the Rogues regroup and plan a final heist before retiring. After some setbacks, the Flash stops them, but his actions set up a future arc with the villains. Next, Flash and Kid Flash team up in search of Wally's dad. There are lots of revelations here of importance to the series and a link to Flashpoint with the return of the Reverse Flash. Finally, we link back to Volume 1 with a new player on the scene (possibly Flash's lover believed deceased, Meena Dhawan) collecting data on the Speed Force. All in all Williamson and his team offer an engaging set of stories. I look forward to Volume 4. A final note: DC has a habit now of varying art teams from arc to arc. That does happen here, as well, but the art style is appropriate to the material, with all characters remaining recognizable throughout the book.

I am still not used to the art style yet, it is not bad but I don't like it either I think it is okay, the story was good I enjoyed it

Man, this was a great volume! As long as they keep Kid Flash's involvement to a minimum I can stand this him. Well. This was a doozy of a story. In, I guess it's the first five issues the storyline takes us back to some old favourite characters. The original line-up of the Rogues Gallery is back and they have an amazing plan to mess The Flash up, and it works. Then Flash has to get back at them all. I loved the return of these characters all together again. The last two issues take us back into the political intrigue with a visit to Belle Reeve and a cameo by Amanda Waller. The Flash and the Kid run off to find Boomerang, have a little action with him. Then it's off to STAR Labs and The Black Hole, finishing with a shocking cliffhanger. Can't wait for the next.

I have been a fan of the Flash for a long time now and I was excited to get my hands on this set In Rogues Reloaded , the rogues are part time allies or enemies which ever time of day it is. This time they are in the need of help from the Flash when they steal from the wrong people . He must help them before its too late . The author really goes in depth on the Barry and Iris story line . We get to

see more of them and their interactions . Along with the story of Wally and Barry and Wally's father . The stories are well written and I love the interaction with the character. You get more of an feeling for Barry and the gang . There are so many great characters to mention in this volume . We have an appearance of captain boomerang from the suicide squad helping out Wally . They are all well written and developed . The art work is rich and full of colour and beautifully done . The author does the rebirth justice . As he takes us on a roller coaster ride . This is a must add to anyone who loves the D.C universe and love the Flash . I am glad I got to read this one its is a definite add to my D.C collection . So if you want a good fun read for this long weekend check it out

I enjoyed the Rogues story arc in this collection of comics. The Rogues are players in the game that are either quasi-allies or full on enemies - it really depends on what is at stake - of our superhero, Flash. In Rogues Reloaded, the authors have the Rogues relying on the assistance of Flash after stealing from the wrong people. The author mixes Barry and Iris's relationship in this volume, as well as, a storyline regarding Wally and Barry as Kid Flash and Flash. Engaging and masterfully written and illustrated, I found myself immersed in Rogues Reloaded. The only real complaint is the the use of the light turquoise font on certain pages. That particular color choice was hard to read at times. The color was too bright. As I mentioned in my review of Volume 1 (I have not read Volume 2), I'm not a seasoned comic book / graphic novel aficionado, therefore, I'm sorry if my review seems simplistic. I chose this graphic novel to request to review from NetGalley because I'm a huge fan of The Flash and Arrow on CW. I'm glad I went outside the box and requested another graphic novel because I really enjoyed the story and artwork. The art was eye-catching and remarkable for my untrained eye. The stories unfolded in ways that thoroughly engaged me from the start. I voluntarily reviewed an ARC provided to me by DC Comic through NetGalley.

The book is a great read overall. The issue was the product was bent on the upper left corner.

Luv it
