CELEBRATION HYMNAL-SONGS & HYMNS/WORSHIP-BLUE-STANDARD

This hymnal has a wealth of hymns old and new and is a great resource for hymn sings. Many hymns are grouped by category - praise, communion, etc. and the indexes make it easy to find hymns and their page number. I found the price was very good and was thrilled to be able to replace the hymnal that was lost or taken from our organ bench.

Great Hymnbook! Many unknown hymns not found in other hymnals. All what I needed for inspirational things furthering my organ improvisations.

I've greatly enjoyed this for at-home playing

I have to keep buying more of these - they keep disappearing. Love this edition - have used it for many many years as a pianist and organist for 2 churches.

This book was ordered for my wife for her to use. She has used it often to play Christian music on

her piano.

Wonderful

This hymnal was very affordable, and has such a huge selection of music in it. I absolutely love it. It has both old classics and more contemporary songs. Also, it has several different indexes. I usually use the alphabetical index, but it also has a topical index. I highly recommend this hymnal.

good book kind of a collector item
