This is an OK guide for sights for those who are not used to the city. The maps aren't that detailed though. Most "M" type roads are not shown in the maps for large areas of the city. At first I tried to depend on this and had some troubles. I ended up buying a book of maps at the Kirstenbosch gift shop that worked a lot better.

Wish there was a more current edition.

Great easy to carry book on the best sites in Cape Town and the winelands. The pictures are wonderful, good maps of the area...wish there had been a full map of Africa available as we traveled

to Cape Town from other areas. The info was condensed and to the point.

I went to Cape Town in December and used this guide. It was wonderful. It had excellent guidance on the best things to do and had great suggestions on places to eat. A must have for any trip to Cape Town.

We carried this little book *everywhere* in Western Cape, it's a great size to use as a go-to addition to some of the larger travel guides that you may not want to tote all over the place.

Great summary of what to see and do in Cape Town.

Not very useful. Just lists without reasons why the particular place made the list. Took about 15 minutes to read the entire book because it has very little good or new information.

Great overview of Cape Town --- just wish I'd have purchased it a bit sooner than I did as I didn't have time to absorb the entire book before leaving on my trip! Purchase early and do your homework!
