Coming Day (The Seventh World Trilogy Book 3)

Synopsis

The last enemy is Death in this classic Christian fantasy. Six there shall be; Six to see the seventh free. Six to know the coming day; Six to wake the fire. After rescuing the Gypsies from destruction, the warrior farmers of Pravik have returned home. But peace proves as dangerous as war. Confined to the city and surrounded on all sides, they risk starving to death. When emissaries arrive inviting the Ploughman to form an alliance with the Empire, he rides for Athrom. But in doing so, he ignores the vision of the blind seer Virginia Ramsey, who has seen deadly consequences at the end of his journey. Desperate for help from another source, Virginia sets out on a journey of her own, accompanied by the Darkworld priestess Rehtse. A journey to find the King and bring him to Pravik's aid. Their parallel journeys will at last open the way to the worlds unseen, bringing in powers, terrors, beauties, and a final confrontation no one could imagine. **COMING DAY** is the last book in *The Seventh World Trilogy*, a Christian fantasy adventure with hints of steampunk and depths of spiritual truth. If you love page-turning action, memorable characters, and inspirational fiction that confronts darkness, reveals breathtaking beauty, and moves your heart to connect more deeply with God, this series is for you. Buy **COMING DAY** now!

Life-Changing, Inspirational Christian Fiction: From the Author Hey, my name is Rachel Starr Thomson. I love Jesus and believe wholeheartedly in the power of fiction to change our lives. While nonfiction may teach us something, fiction allows us to experience it. When we're experiencing truth, beauty, struggle, and triumph, we find our lives enriched and deepened by what we read. That's why I write. I want my readers to discover depths of truth about themselves, about the world, and about God that stretch and inspire them. My stories are always clean, but I don't shy away from hard questions and honest characters. Whoever you are, I believe in you. I believe your life has immeasurable worth. I believe you were personally handcrafted by a loving Creator with a vision and purpose for your life. I believe your struggles, your dreams, and your hurts matter. I believe you walk a path no one else does, one that is intended to benefit the world. I hope you'll enjoy what you read and come back for more. Most of all, I hope that through my stories, you'll forge a new depth of connection with the God who truly loves you.

Genre-Bending Christian Fiction: Biblical, Historical, Suspense, Fantasy, Paranormal, Visionary Always Lyrical, Always Christian, Always Changing the Game Readers would be forgiven for asking what genre exactly Rachel Starr Thomson writes. Her work is described as spiritual, visionary, biblical, fantasy and literary, poetic, and anchored in the real world. Always a clean read, her books are suitable for teens but have the depth, beauty, and characterization to keep adults riveted. They include: *The Seventh World Trilogy* (*Worlds Unseen*,

Burning Light, Coming Day): Classic Christian fantasy in the style of C.S. Lewis. Great for teens & all readers of inspirational fiction. The Prophet Trilogy (Abaddon, As Eve, Comes the Dragon, Beloved): Best described as biblical historical fantasy. Set in a world based on ancient Israel, these books follow four believers in a time when judgment is coming. The Oneness Cycle (Exile, Hive, Attack, Renegade, Rise): Readers call them spiritual warfare fiction. They're Christian urban fantasy, paranormal, suspense novels but they're also real world in their impact. If you've ever wondered about your place in the battle of good vs evil, this series is the place to start. Warning: These novels will challenge your perception of the world. Not for the faint of heart! And standalone novels including TAERITH, ANGEL IN THE WOODS, LADY MOON, & more | Continue the journey today

Customer Reviews

I read the first two of this Christian Science Fiction series (the Seventh World Trilogy) for free and

this one I actually had to buy. Me being a cheapskate should tell you that I thought it would be worth the price--and it was. If you read the two previous reviews of the two previous books (or read the books) (Worlds Unseen and Burning Light), you will remember some of the characters were gifted. Maggie was gifted with songs that foretold, comforted, and healed; Virginia was blind most of the time but had extraordinary visions; the Ploughman had the gift of being able to call on angelic warriors when needed; Miracle could bring healing even to the worst wounded; Nicolas, the one with the fire eyes; and Kieran, the boy in whose footsteps plants grew. The prophesy said when the six were woven together something great would happen. The six were scattered from here to yonder, some captured by the evil ones and in danger of life and limb. The Blackness sought to capture all of them and grab their power. Talking about being woven together, this book is something else. You need to grab it and read, read, read. Some truly inspired writing here!

I really enjoyed this 3rd book in the trilogy. It is well written - there's plenty of action as well as character depth. I enjoyed seeing how the characters had grown and changed since the first book. I enjoyed the build up of the possibility of the return of the King and the battle between good and evil. Very insightful at times. Rachel is a good story teller. However, the end of chapter 19 made no sense to me. The next 2 chapters didn't seem to fit with the story at all. It was almost like someone advised the author to add a "moral to the story" or something so she added these last couple of chapters. It killed it for me - the positive energy of the book, the lessons learned in the battle, all of the good stuff just died with those last 2-3 chapters. Why? Why couldn't you leave it where it was? You didn't need to neatly tie up all the loose ends and close the story on a troubled note. Leaving it open ended would allow you to go back and write more in this series in the future (if you wished). There's definitely enough material there - you could even go back and write a prequel. Anyway, I enjoyed it but the ending was a downer for me. Be forewarned.

What an excellent series!! So excited to have a wholesome adventure novel to read. This book and the others in the series draw you rapidly into their world and leave you longing for more :)

If you loved The Lion, The Witch, and the Wardrobe, you will really enjoy this series! Rachel tells a great story with wonderful characters, evil villains, and a plot that keeps you turning the pages one after the other. Well worth your time and money. Can't wait to read another one of her books!

Age group: 13+ For scary situations, and mild violence After finished Burning Light, I started Coming

Day as soon as I could. I really, really wanted to know what was going to happen to all the characters I had come to love, as well as see the end of this epic fantasy trilogy. It was nothing, absolutely nothing like I expected. It was far better. This story opens at a very low point. The hope and the energy that the last two books have built on has waned. People are discouraged and weary, a feeling that touched me deeply, because I have been there. I have been at a point where I wondered if anything good would ever happen again. Rachel was able to pull on my emotions and make me feel what the characters were feeling. As I said before, Rachel's writing style is nothing short of lyrical. I reread many portions and read some of them aloud, just because they sounded amazing. I can see this as a wonderful book to read aloud as a family. The most exciting part of this book was that you see all the threads you have been following pulling together. All the stories are pulling together, and so are *The Gifted*. The bad guys, as in the first two books, were pretty dark. There were also several intense parts, but I still really enjoyed the book a lot. The ending was nothing like what I expected it to be. It was so much better. Rachel again showed herself in the top tier of writers for her imaginative story-telling that took this allegory beyond the norm. I recommend this book for those who loved the first two, love fantasy, adventure, and allegories.

Ms. Thomson's writing is excellent; she tells a story well, and her characters are quite interesting. I felt that the ending of this series was weak, however. Without revealing any "spoilers" I felt we were building to a great, powerful climax of "good over evil" but was disappointed in the turn it took. It felt like a forced ending to make things "allegorical." Otherwise, the book was a good read, as were the first two in the series.

I reviewed the first book in this trilogy and wished for a few things throughout the rest of the series. I was not disappointed. The story and writing were just what I had hoped for. The plot was well-written, characters engaging, truths alluded to, and the reading was enjoyable. I highly recommend you read this trilogy! [I have to be honest: I did not read the second book. Somehow, I got things switched around in my mind. I had purchased & downloaded both book 2 and 3 at the same time. When I got around to picking up the 'second' book of the trilogy, I accidentally started this one. Things were a little disjointed for me at first, since I missed all the events and characters in book 2. I thought it was due to being so busy around the holidays and only being able to grab very short bits of reading spaced out over numerous days. About halfway through, I was really caught up and swept through to the end. But I wondered, "where could the third book possibly go? This title seemed to wrap everything up." And then... the discovery of my mistake! I don't think I'll read the

second, since it will probably just be a build-up of tension and events, for which I already know the outcomes. However, I am glad that I helped support this author, especially since the first book was free for kindle.]
