Dharma And Dhamma: An Overview Of Dharma And Dhamma, And How To Apply Them In Daily Life (includes Moksha, The Four Noble Truths, The Eightfold Path, And Nibanna)

Synopsis

If you want a complete overview of the basic principles of dharma and dhamma, including how to incorporate them into your own life, then this book is for you! Today only, get this incredibly useful guide for only \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Hindus believe that dharma is the very foundation of the world. It is a way of thinking, living, and being that holds everyone and everything together in harmony. Without it, there would be chaos. It is also the way by which people live in accordance with universal principles. The more in touch they are with natural law, the better their lives will be. In Theravada Buddhism (there are many schools of Buddhism, just as there are many sects of Christianity), dhamma refers to the Buddha's teachings. The more you keep to the dhamma as He taught it, the more control you have over your mind and therefore your life. And the more you are able to control both your mind and your life, the happier you will ultimately be. In this book, we will explore dharma as the Advaita Hindus understand and apply it, as well as dhamma, as the Theravada Buddhists do. You will see that they are actually very similar in many ways. Not only is this overview meant to be informative, but it is also meant to be tangibly helpful and applicable in your own life. Here is a preview of what you'll learn... Understanding Hindu-Buddhist Diversity Why is Dharma Important? Dharma, Freedom from Illusion The Five Daily Obligations The Ten Commandments The Yoga Sutras of Patanjali Moksha, the Final Frontier The Buddha's Four Noble Truths The Eightfold Path Much, much more! Customer Reviews

It is a basic book on the subject, very self explanatory. Recommended for Hinduism and Buddhism comparison on Dharma and Dhamma concepts.

Both Dharma and dhamma can be confusing topics but this book provides a thorough understanding of what it is and why it is important. This book provides an overview for why it can be very helpful in your own life. The main message this book preaches is that we are all Buddha-like in nature but we become victims of our own poor choices. We need diligence, patience, and constant hard work and practice if we want to continue down the right path to mastering ourselves. The ultimate reward of fulfillment lies in the present moment, not in some afterlife. This was a very helpful book!

A good book comparing Hindu and Buddhist philosophies. Some Buddhist concept didn't seem to be explained to the fullest but still ok.

Very simple to understand writing of some fascinating religious philosophies and teachings. This book helped me to understand the differences between Hinduism and Buddhism which I find fascinating. I would recommend it to anyone who studies religion or actively seeks to comprehend peoples of the world.

An invaluable lesson on the difference between dharma and dhamma. But even more important

than that was the lesson on mindfulness. The full acceptance and immersion in the now. This book is a great guide to these concepts. Ultimately, I was enriched by this book. Thank you Chaya Rao.

I was looking for something different in my life and Dharma and Dhamma was one of the things I came found. This book well written and easy to understand for a newbie like me. I will definitely apply at least some of the ideas given in this book. Recommend

I didnt realize there were so many different beliefs around Dharma and Dhamma. I learned a lot reading this book, but what it it really shows me is to pay attention to how my actions now effect my life now. Try not to fight the good qualities or behaviors in my life.

While short and wonderfully simple, this is a really good asseint to understanding philosophical principles. A very nice format for the breakdown of otherwise complex concepts. Great job. I highly recommend this.
