Bones Of Fire: A Spiritual Warfare Thriller Novel (The Fire Series Book 1)

Synopsis

The Styles family is about to be sucked into a whirlwind. Reverend Edwin Styles is a good man, but he is totally unprepared for the spiritual warfare that is about to overwhelm him and his family. He doesn't believe in demons or warlocks, and he only theoretically believes in angels. But his ignorance of spiritual warfare won't shield him from being chosen by God for a mission so critical that the angel who commanded the forces at The Battle of the Resurrection of Jesus Christ, the angel known as The Sword of the Lord, has been assigned to help him. And Edwin will need all the help this famed warrior angel has to offer. For the kingdom of darkness has assigned the Mighty Bashnar, one of its most ruthless demons and cunning military strategists, to thwart God's plan and to destroy this man of God. He will soon learn from painful experience why this cruel warrior spirit was granted the title, Mighty. Barbara is a Christian. But she's not passionate about the Lord or His work. What she is passionate about is her good-looking husband, Edwin. Everything is lovely until the Mighty Bashnar attacks her husband and revives a shameful weakness from his past that shuts down their love-life. But Barbara isn't the longsuffering type. She's going to get her needs met one way or the other. Sharon is the perfect Christian daughter. A teenager whose wisdom and devotion to God far surpasses her fifteen years. She's the spiritual anchor of the family until a relentless witchcraft spirit orchestrates a devastating betrayal and assault that shakes her faith to its core, perhaps beyond repair. And for all this, Hell's fury is not satisfied. Only total destruction of the Styles' family is acceptable. But is the Mighty Bashnar as strong as he thinks he is? Or will he discover that "God has chosen the weak things of the world to put to shame the things which are mighty"? (1 Corinthians

Customer Reviews

This book was incredible. I couldn't put it down! I know there is spiritual warfare all around us and the vividness in this book was easy to imagine and I felt as though I was in the book with the characters. There are things that usually are not talked about in the book and I was delighted to see the author bring things to surface. I will be reading the entire series and more from this author.

I was highly impressed with the pace and flow of the story. Mr. Hill created many well described and carefully revealed characters. I had a hard time putting down this book, and look forward to the following books. Some concepts he presented are somewhat dubious (can an angel or demon be "killed", even by an opposing Spirit being?, do the spiritual beings have offices where they might set up pictures and awards?), but I will describe such as literary license. Some aspects of his descriptions are not for young readers, and some themes are not for the same, but are very realistic to the world and circumstances we live in. I appreciate that some issues presented were never clearly dealt with. This allows for future books, true, but is also realistic to our world, where we may simply not get answers. Some aspects were superficially silly (a demon named "Bashnar"... Is it clobberin time?), but aside from that, the author actually is able to pull off character development of a demon.

I love this book! It is really well written, thought provoking, scary but exhilarating. The characters

come off the pages and had me rooting for them (the Christians of course). I have gained perspective in some areas and been motivated to action in others. I don't usually highlight lines in a fictional story but I did in this one. Spiritual warfare and prayer are the tools God gave us, if we don't use them, we can't complain about the results. This book reminded me that I need to "watch and pray without ceasing" for our fight is not against flesh and blood but against powers and principalities not found in Heaven. I love happy endings and in this case, despite some casualties, good prevailed over evil, just as it should. The fight will continue until the rapture, but for now, God and His angels won this battle, as they will one day, win the war too. This author is truly gifted and I look forward to reading the next book in the series.

I don't have the words to describe Eric Hill's depiction of spiritual warfare. It felt so real I almost forgot I was reading a fiction. I appreciated that he challenges traditional Christianity. It is also a clarion call to followers of Jesus Christ that prayer is important in our effort to align ourselves with God's agenda. It is all about him and his plans and purposes. This book also underscores the power of one person who is completely invested into the plan of God. Although Jonathan comes across as super human the rest of the characters show that God has chosen the weak things of this world to shame the wise and the God has chosen to hide his power in earthen vessels. May God bless Eric Hill in the matchless name of our Savior and the Living Lord of the Universe Jesus Christ.

This book was difficult to put down. It was full of truth and I personally had to look at my own life and repent of passivity. I was challenged to take God at His word and begin to trust Him more than ever. However, there are some issues that individuals faced in the book that were a little too graphically described. I wouldn't recommend this book for younger readers. This book may be fictional but it is definitely a spiritual experience to read. I loved the characters and I loved the story line. An awesome adventure indeed.

Demons....I firmly believe in them and the power we humans give them. I also more firmly believe in angels and the power God gives them. However, I also believe the angels are given more power to protect us as we pray asking God to empower them. I believe we can pray for God's protection to be placed around other people. I pray for this protection for myself all the time. I pray for God's protection over you now.

I enjoyed reading this second installment of the "Fire" trilogy. I would have rated it 5 stars, but it was

a little longer than I prefer to read. The first book was just about right. The characters are engaging and the spiritual warfare is intriguing. I don't agree with every theological view of Mr. Hill, but then I didn't read it for seminary credit or as a textbook. Thanks Mr. Hill for a thoroughly thought provoking book.

5/5 for story line and biblical verses included. I wasn't sure about the pace of the book but as I read it I t picked up. I'd recommend the book for any age.
