## Customer Reviews

A good place to start. I used a couple of poses, but was looking for something more provocative to attempt.

The title promises but failed to deliver. A semi pretty girl poses fully clothed in what are supposed to be I suppose, provocative poses. There is nothing to recommend about this book

In browsing the book I found no sex pictures. The title refers to sex pictures, where are they? I believe I was tricked.

This book is great for men who want to pictures of women. I hope you get this book for yourself
