Customer Reviews

The artwork in this book is beautiful. I'm looking forward to coloring and casting spells.

I am giving to this book a three star review because of the cheap quality of paper used...it's extremely aggravating to see such a good idea fail due to a major detail like the paper and feels like a waste of expensive pencils like prismacolor... perforated pages would be a huge plus though understandably this book is marketed as a journal...nice art and nice idea...really appreciate the Pagan slant as there are far to few coloring options available... A look inside this book would be

helpful for future sales...many pass up options due to the lack of inside insight

it arrived in good time, in great shape. I gave it to my daughter to use for her BOS and she is very pleased with it, thank you! I recommend this for any Witch/Wiccan setting up their book.

If you consider yourself a magickal person, this book is for you. The element of coloring adds a new dimension to spellwork.

This book is so amazing and beautiful! It will keep me entertained forever, there are so many pages and different activities. I'd give it ten stars if I could!

I love these books. I intend on using them in my BoS. Can't wait to completely have everything finished being colored in and add them to my pages.

Love the art work in it. It is going to be fun to color.

It's cute but not advanced more of a teenager book to me
