Customer Reviews

I just love this drawing book! Coloring activity is outlet that both parent and child can both bond to. The mermaids are creatively done. The illustrations are uniquely drawn. It attracts both children and adults alike. Adding colors breathes life to the drawings... They come alive. The best part about this book is that the drawings are printable which made it really amazing because we have the chance to frame and keep our daughter's masterpiece. One of our favorite drawings is this one..

Great adult coloring book!!

I got this as a Christmas gift for a friend and she loves it. If you like adult coloring books, this is a great one. The pictures are whimsical and fun and all very different.

The pages were very flimsy. If using any kind of market product the colors bleed into the opposite

side

I have it 4 stars because there really isn't a lot of pages. Other than that this product is good.

My stepdaughter loves mermaids and loves to color. Some of the art is difficult for coloring but the unique pics and patterns are a nice touch.

Cute mermaid designs. A nice way to relax and unwind.

KIDS LOVED THEM
