Animal Care & Pets #534 in Books > Crafts, Hobbies & Home > Pets & Animal Care > Essays

#1821 in Books > Audible Audiobooks > Religion & Spirituality > New Age & Occult

Customer Reviews

I enjoyed this book, but I didn't think it was as good as the Chicken Soup for the Soul What I Learned From My Dog. My eyes were hardly ever dry when I read that book. I thought that this book had some of the most touching stories at the beginning and at the end. Many of the ones in the middle were pleasant and sweet but not those powerful ones that really warm my heart and soul. One towards the end of the book about Felix the Fire Dog was excellent--so moving. I kept thinking that perhaps if I'd read this book first I might have stopped with just one and not been encouraged to read another. Whereas What I Learned From My Dog moved me so very much that I just had to order another one. I won't say that I was terribly disappointed. It was a pleasurable read and some of the dogs are heroes in the true sense of the word.

Oh such a sweet collection of animal stories! If you have ever loved, lost, dreamed of having a furry best friend, you will love this book!! Most of us that allowed dogs to be a part of our lives, our hearts, will laugh, cry, and remember our very own beloved and faithful friends. It is a sweet collection proving the magic, loyalty, and funny antics of our canine best friends.

Gave this to a friend after her dog passed away, and she really appreciated it. Full of heartwarming stories and all around a perfect gift for dog lovers.

As a dog lover myself, I totally impulse bought this book for my kindle. I grew up with 3 german shepards and they were my best friends. As I'm older now, I have one german shepard and one black lab. Now THEY are the best of friends. These stories reminded me of my childhood growing up with my 3 shepards... very nostalgic read for me.

Wonderful stories of true companion Love

I enjoy all the chicken books Ive purchased through and this one is no exception.

Those of us who look beyond such things as the appearance, the appetite of our dogs will be bowled over because these are soul stories of the first order. Many stories reflect the undefinable, perhaps miraculous ability dogs have to change who we are when we permit ourselves to mirror their unconditional love. A wonderful read, content easily worth five stars. I gave it four because editing was not very good. I also found the writing of a few stories a bit amateurish. Having said that, the content overcomes such inadequacies. A great "read aloud" book to another animal lover, especially during upcoming TV re-runs!

I don't mind reading something that is a collection of works from other writers. It's a good experience in gaining a variety of insights in a short time. Most of the dog tales (groan here) are well-edited versions of dog-owners' expressions of love for their pets. The section on the death of canine companions should be avoided if you have a buddy that's on their last legs. Reading that section won't make things any easier, believe me. Go into this book with the understanding that there isn't one dog in the book that's nearly as smart or cute or loving as yours, and you'll enjoy the read.
