Customer Reviews

If you haven't been to Philadelphia and want to visit there in the near future, this book is a must have! Why? This would lead you to places not commonly included in run of the mill tours. Be like the locals and enjoy the true spirit of this wonderful place even when it's your first time. I know I had a blast and looking forward to go back again next year. A truly informative guide for folks who love to travel.

From my personal experience I can tell you that with this book you don't even need a buddy with you to take to Philadelphia. You can do it all on your own and you will have the time of your life. It's fascinating how much of Philadelphia's best places is contained in this book and it is great that someone took care of writing all that into a few pages. It's worth to have, especially if you are planning a trip here.

I liked that the book is short and sweet. It didn't wind up adding much to our trip though

This book has tons of great information about Philly. I will be using it a guide when I move to Philly next month.
