Customer Reviews

I chose four star because writer wrote about all of the custom and local norms. Great guide if you are going to Egypt.

Very detailed information we must need to learn when we visit Cairo. I love the instructions given and its complete with essential details. Great description too. Looking forward visiting Cairo one of these months. The guide is really enticing and inviting to me to visit Cairo soon. The famous restaurants and tourist spots were introduced too. Thumbs up!

To expensive even for 4 euros. No informations that you can use, no map of the city, no address of the restaurants mentioned. Just some hotels the upscale ones. You get more informations about the city on Wikipedia or Google. In 20 Minutes you are through this booklet. I'm very disappointed. It's probably "self published" by someone who just tries to make some quick money.
