Into The Storm (Force Of Nature Book 2)

Synopsis

When Piper Jones fled New York for a secluded mountainside in Alaska, she thought she was safe from the back-stabbing, supernatural drama of the city. Now she's back, with the sexy werewolf Alpha Knox, his pack, and her grizzly bear sidekick for backup. But Piper's plan to get closure is derailed when her vampire mate Merc is abducted, forcing her to form a shaky alliance with a warlock lord. Faced with death threats, romantic entanglements, and dubious allies, Piper is running out of time before someone she loves becomes the latest casualty in a never-ending war...

Customer Reviews

This is the second installment in this story, and the author didn't disappoint! Just as much action as the first, with a heroine coming in to her own powers more every day! The love triangle adds more drama to the story and honestly, I don't know who I would choose! Both if I could! I can't wait for the next story from this author!

ALN is one of my fav author. She always write books that makes you hyperventilate from the beginning until the very end. And almost all lady characters are strong and badass, Piper is

definitely one of them. I can't wait to read the next installment of this series. And I can't wait to read more about Merc, Knox, Grizz, and even Jagger.

This second novel had so much depth to it! I was sucked in the entire story. I would say this novel was better than the second only because it was so emotionally involved that you couldn't help but pour your own heart into it.

Book two takes off at full speed and like the force of nature it swept me off my feet. What a storm. Loved every word, line and page. Looking forward to more of this series.

I received this book as an ARC. I loved this book just as much as I loved the first! Amber Lynn Natusch did not disappoint. This easily became one of my favorite series. I can't wait to see what lies ahead!!

The characters and world Amber create just pull you in. I didn't want to put this book down. The story takes hold of you and you become invested in the outcome as you would your own. You also have to love Grizz.

Amber does it again!!! Great read! Already looking forward to the next one. #teammmerc

I love the dynamic between Piper and Grizz! I started reading and I couldn't put it down!! I laughed and I cried and I can't wait for the next book!!!!
