Customer Reviews

If you have already read the Collectors Society books, this book is a fantastic in depth look inside the Society and agents that we've come to love. If you have not read the series yet, this book will appeal to your curiosity enough to make you buy the whole series and start tonight! Beautiful color descriptions and tidbits into the workings of the characters and places we all want to know more about! Thrilled about this book and cannot wait for the final in the series! Happy reading!

Great bios and an inside look at all the characters from the Collectors Society series. This really helped me keep every one strait and sort of which character went with which classic novel. A must have for any fan of The Collector's Society.

I love having this little extra to go along with The Collector's Society series. There can be so many characters to keep track of it is nice to have this as a reference, plus having all these details about our favorite characters and images of them is just a fun addition for any fan!

Loved this book! I'm hooked and can't wait for the next one!

I love the special insights into the characters of this series. Don't forget to add this to your collection!

Could not put this down!!!!

So I FINALLY read this, I still needed to read The Forgotten Mountain first because this can contain spoilers/new characters from that book.Can I just say how cool this book is? How many times have we read a series wondering if we could get a detailed account of the characters? And how cool is it that Heather Lyons gives us one?Awwwww yeah!Anyways this is a super cool IN COLOR catalog of characters and places in The Collector's Society series. It also had a very cool bibliographic reference as to the timelines in the back which I will admit, I really needed.This is a must read if you are a fan of the series!!!

First I would like to say that I cannot wait until book four!You are going to love the Encyclopedia, it is fantastic a good little inside into the librarians head. Which I still don't truly trust (the librarian)It's a really pretty book that will help you understand most characters! You did it again Heather great job!
