Customer Reviews

Teresa Laikko, M.S., CCC-SLP, is a certified speech-language pathologist with over 30 years of experience. She has provided services in schools, private practice, home health and has owned her own successful private speech pathology practice. Teresa has worked with clients with autism, apraxia, fluency, intellectual impairments as well as articulation and language delays and disorders. She is a member of the American Speech Language Hearing Association. Teresa lives in Phoenix, AZ, with her husband and two crazy dogs. Laura Laikko, M.S., CF-SLP, is a certified speech-language pathologist. She has provided services for populations such as toddlers, school-age children and adults. Laura has worked with clients with autism, apraxia, fluency, intellectual impairments as well as articulation and language delays and disorders. She is a member

of the American Speech Language Hearing Association. Laura lives in Phoenix, AZ, and spends her free time with her family and friends.

Okay but didnt make a difference. Good to read if you just want ideas but get your child evaluated if you believe there is a delay early intervention is wonderful

I bought this for my daughter to use with my granddaughter. She said it has very good ideas in it.

Honestly it is just a list of ways to play with your toddler; not bad but not great.

great list of activities. quick and easy to read. would recommend to others.

Id rather read on the web.

Happy

This is a great book for parents. I got this for my niece who is having her first child in December. Communication is such an important part of our society. This book is a daily language development guide. This book is targeted for ages 2 to 5. Activities for morning, afternoon and evening are given to encourage communication with your toddler. What I especially like about this book are the stages of language development that a child should have by a certain age. This also includes a general guideline of how many words a child should be saying at a particular age. I did have a speech delayed child who required special therapy as a toddler. This book would have given me more ideas to help her with speech development.

Very easy to carry in a bag of toys. Quick resource for busy moms.
