# Immigration And Citizenship, Process And Policy, 7th (American Casebooks) (American Casebook Series)

## Synopsis

The seventh edition of this pioneering casebook continues its tradition of comprehensive coverage, with problems and exercises that allow students to hone skills as counselors, as litigators, and as policy advisors. At the same time, the casebook situates immigration and citizenship law within broader contexts of constitutional and administrative law as well as current political debates. This new edition is reorganized for more efficient coverage, with an introductory chapter on immigration history; treatment of unauthorized migration alongside lawful admissions; consolidated treatment of inadmissibility and deportability; reworked materials on state and local enforcement; and thorough redesign of materials on criminal convictions.

## Customer Reviews

Hiroshi Motomura is Susan Westerberg Prager Professor of Law at UCLA and author of *Americans in Waiting*.

I heard immigration law is very confusion and dry. This books seriously makes it the most interesting topic I've taken. It's very well written and thorough. I highly recommend it for any immigration class.

Pro:I am keeping it forever!Con:Very heavy! I am surprised that after 12 weeks of carrying it around, I don't have shoulder pain.

Book was required for an elective course at my law school, It is well written and easy to follow.  
Thank you!

as described

Great. I liked the book and needed it for my class. Nothing more to add at this time. Good bye

I highly recommend the book, but not the seller. I bought used from Page\_Flipper and it was more worn than I thought it would be and way too many highlights, writings and pen underlines for the price I paid. The book itself is great, very good and seems to cover if not all, most of the immigration law contents. So it is not very deep in any area, but it is very good for students who need general knowledge of immigration. Really enjoyed the historical parts. I regret I bought it used for over a hundred bucks, I wished I had bought it new.
