# Classic Flash 2: In 5 Bold Colors

## Synopsis

In more than 100 pieces of contemporary flash, "Tilt" and his collaborators celebrate the lineage of tattoo artists who have paved the way while looking forward to the future of tattooing. Using the five classic bold colors (black, red, yellow, green and brown), the flash in this second volume continues to explore the importance of the origin and essential foundations of tattooing while making its own mark on the visual history of this folk art. Offering a broad range of themes, this is an ideal flash book for anyone in the tattoo industry.

i see tons of people wearing these tattoos. this books has some of the most used and memorable classic flash still being used.

Ordered this for a Braziliam friend who is a tattoo lover. He loved the book and couldn't wait to take it home to show his tattoo artist but he was a little afraid that the guy would want to borrow it!!!!

Excellent.

BUY THIS! It has a lot of great inspiration for both experienced & New Tattoo Lovers.

A great follow up to a classic book, Classic Flash 2 is a "must own" for any tattoo artist or artist in general. It's filled with great images and more Japanese inspired work than the first book. I'm glad I purchased it and at such a great price!!

Tilt has perfected the traditional American style
