The Practical Guide To Bicycle Touring: 2nd Edition

Synopsis

New and enhanced 2nd edition with hundreds of photos added! Completely reformatted to work with the latest e-book readers. The Practical Guide to Bicycle Touring is a comprehensive guide on how to get started in the wonderful sport of long distance bike touring. The authors have spent countless hours touring by bike throughout the United States, Australia and across Europe and want to share their experience with you. Designed for both beginners and experienced cyclists, this guide is your complete source of practical information on how to plan and do a multi-day or multi-week bike tour. This book includes information on bicycle safety, selecting a touring bike, touring equipment, how to pack for an extended bicycle tour, how to plan your route, where to stay, and much more.

Customer Reviews

Very helpful for a beginning tour rider like myself. Thank you for putting the book / guide together for us.

One word. It's Amazing.

I really love how this book has made me start doing exercise again. I used to only sit on the couch and play pokemon for hours and hours. Now with this newfound inspiration I have been able to lose weight and be happy with my life again. P.S $F_g = mgh$
