Synopsis

Excerpt from A Practical Guide to the Management of the Teeth: Comprising a Discovery of the Origin of Caries, or Decay of the Teeth; With Its Prevention and Cure
IN submitting the following sheets to the attention of the Public, the Author feels it necessary to apologize for occasional inaccuracies of style; which the circumstance of his being a foreigner, combined with his anxious desire and impatience to make known some important discoveries, has rendered it as difficult for him to avoid, as it has afforded him but little leisure to correct.
